**B**ruce and Ann Mortland hosted our 2009 Concours Afterglow event on Saturday, August 22nd. Each year, the event is held as an opportunity for us to celebrate the conclusion of our Concours d'Elegance. This year we all met at the Mortland's lovely Tudor-styled home in Oceanside for champagne and mimosas. The Mortlands were perfect hosts as we socialized and admired each other's Jags. The pristine garage was a popular place as Bruce has an interesting collection of autos which were on display.

*Dining at the Country Club*

From the Mortland's home, we had a leisurely drive to the El Camino Country Club where Bruce and Ann had arranged a delicious luncheon. 48 of us enjoyed the Country Club atmosphere and excellent food.

After dining, this year's Concours Chairman, Mike Partain, quickly recapped the show and thanked all those involved in planning, set up, and staffing the event. He remarked on how smoothly the event had transpired.

Chief Judge Dick Cavicke then took the podium to recap the competition portion of the event. He thanked the judges and participants, noted that some entrants had come from as far away as San Francisco, Tucson, Ohio and Mexico, and revealed that this event set a record for Judged Jaguars as well as general participation in the San Diego event.

A slide show of the Concours ran in the background during the afternoon's festivities. Once again we could not get the projector to work. As Paul Novak stated, "It's a tradition". But the show must go on, and a stream of beautiful Jaguar photos ran on a somewhat small screen. Next year.....

*Enjoying an excellent lunch*

The event was concluded with a few words from President Katherine Partain included a preview of upcoming events.

Many thanks to Bruce and Ann Mortland for hosting a highly successful Club event.

## Help Wanted

1. The Club needs a volunteer to take over the position of newsletter Editor. A little background in working with Adobe InDesign or like program would be helpful. I will be happy to provide training and all the other necessities.
2. We also need someone to take over the position of Dealership Display Coordinator. The job entails finding a volunteer to display his/her Jag at Jaguar Kearny Mesa and connecting them up with the dealership representative. This job requires very little time and all work can be done from home on the computer. Everything is set up to run (practically) on automatic.
