

Hoehn's Gone British

Article and photos by Stick Holmes

Hoehn Motors has officially entered the world of Jaguar and hosted an event to celebrate. The event, titled "Hoehn's Gone British" was held Saturday, September 25th at the Grand Del Mar. As one would expect, teas and champagne were served with other proper British taste treats, and the whole range of new Jaguars were rolled out for guests to test drive.

Hoehn was kind enough to invite the entire San Diego Jaguar Club Board to the event and the Club provided the dealership with several older Jaguars to complement their display.

This splendid event was an excellent way to celebrate Jaguar Carlsbad's entry into the world of the Jaguar marque. Our Club thanks the Hoehns for their kind invitation and wishes the dealership the very best of luck in the future.
