On Friday, May 20th, the San Diego Jaguar Club held a well-attended New Members Dinner. The annual event, hosted by Grant and Nedra Rummell, provides the Club an opportunity to get acquainted with our past year's new members in the elegant Lake San Marcos Country Club. 61 members enjoyed cocktails outside with a dazzling array of Jaguars. Hors d'oeuvres were served while we all got acquainted and re-acquainted.

The venue, service and food were excellent as usual. Nedra had gone all out and decorated the room with historic photos, banners and balloons. Members were seated at tables with other members with like Jaguar models so the conversation was spirited and informational.

New member, Elaine Johnson had acquired our logo and as a school project, had her students make up a beautiful "Do Not Touch" sign for our club member's Jaguar during shows or display events. We are hoping to have more produced for our Concours in July. Thank you Elaine!

After dinner we enjoyed a raffle with many beautiful Jaguar-related prizes. The main door prize, a round of golf for two at the Club, was won by Ray Waite. Keep your head down, Ray!

The Lake San Marcos Country Club was the perfect venue for this annual event, and Grant and Nedra always go to great lengths to ensure a memorable time for all hands. A BIG Club thanks goes out once again to the Rummells and Welcome New Members!!!
