

JAGUAR CLUBS OF NORTH AMERICA

2012 CONCOURS AWARD WINNERS ANNOUNCED!

Ken Smith's 1961 XK150 DHC

Brian Ellis' 1999 XJ8 VDP

Ken Smith's 1967 E-Type OTS

2012 was a great year for the San Diego Jaguar Club. Along with all the extraordinary events we held, several of our members did quite well in the JCNA sanctioned Concours competitions. Eight SDJC members placed within the top 3 in the North American Standings and three more placed in Regional.

In order to qualify to win a North American award, you must enter your Jag in at least three competitions in the same class in the same year at any JCNA sanctioned event. North America includes the US, Canada and Mexico. Regional winners are required to compete in at least two competitions in their region in a year. Our Southwest Region includes California, Arizona, New Mexico, Nevada, Utah, and Colorado.

Scoring is accomplished as follows: Champion Division scores are based on 100 being a perfect Jaguar, just like it came out of the factory. Driven Division scores are based on 10 points being perfect with some slight modifications to the car being allowed understanding they may be driven to work daily. Champion Division and Driven Division are judged to the same standards except that in Driven Division the engine, trunk, tools, and manuals are not judged.

We had one Jag, an E-Type in Preservation Class (19A). Preservation Class is a class within the Champion Division. In this case, the car must be unrestored or near original, over 20 years old, well prepared, and in good to excellent condition.

A lot of sweat and elbow grease is required in the preparation of these cars for show. Competition is stiff throughout the US, Canada and Mexico. Congratulations to all who participated in 2012 and especially to our winners!!

CONGRATULATIONS!!!
