

# Brunch at the Boathouse

Article by Stick Holmes

2013 began well for the San Diego Jaguar Club. A better than expected turnout of 44 members showed up for a delicious brunch at the Boathouse restaurant located on Harbor Island. The weather was brisk and clear. The parking lot was filled with shiny Jaguars. It was all good.

The entire restaurant was reserved exclusively for our Club. We even had our own menu with our logo on it.

We had our usual social hour, then began dining. The staff was extremely attentive and the food was delicious. After, we held a quick business meeting where our newer members were introduced, upcoming events were announced, and logo items were discussed.

*Our newest member Renee Konstantine. She had joined 2 days earlier!*

*Al Steele standing, with Ali Proctor, Tolly Williamson, and Kathleen Steele. Can you see the crane in the tree?*

*Jim and Frances Roberts*

*Rex Ryan, Paul and Debby Novak and Gus Lamprou*

As an added attraction, a large crane perched itself on a limb just outside the side window and remained there for the entire event. During the social hour, 2 dolphins were seen playing amongst the boats in the marina and, towards the end, a seal showed up in the same area and entertained us with his antics. Several Jaguars were spotted. (Get it.....spotted)
