GENERAL CLUB NEWS

The June 11th Dinner Meeting was held at Cosmo's Hall of Fame and a good time was had by all. ( 31 people present) We were real happy to present the following people as guests: Sandra Singley, Sally Kerth, Jay & Dannie Chapman, Stanley & Betty Foster. Cleo Adams gave us the treasurer's report to let us know that we are still holding our own with \$21.00 Receipts, \$472.34 Bank Balance and \$17.96 Petty Cash. The main topic of discussion for the evening was the open rally (Sterling Straightaway) put on by our club on June 6th. John Kucera and Dale Maple are to be highly commended and praised for their hard work on this event ! Every contestant in the rally had only one criticism-- that it wasn't a championship event. The club is planning to make this rally a championship event next year. John Pennington told the members that Jack Rabell will be giving us a short program on Rallying in August. All in all it was a most gratifying evening- especially seeing once again what such a small membership can do with some effort and the rally proved it.
