GENERAL CLUB NEWS

We are very happy to say that the August 13th meeting, held at the Sunnyside Steak Ranch, was a smashing success with 39 people present. After a small amount of preliminary business, the meeting was turned over to Jack Rabell, who spoke to us on the "Rallying Sport". Jack defined a rally as a time and distance event which is a very interesting sport, where you meet some extremely nice people. He told us that to start out rallying you need the following things: 1) Two people 2) Automobile 3) Gas 4) Good attitude 5) Stopwatch 6) Clock or wristwatch and 7) a clipboard. Jack said that a new rallyist should first of all learn the SDSC Council Code. After you learn the Code, can spot signs and know what is meant by the basic rudiments of rallying ( Stop, R turn, L turn, opportunity etc.) then start out by running the easier club rallies. He said that you learn by making mistakes and after you've run a few rallies then you can introduce Navigation.

### ANNOUNCEMENTS

We will not have a dinner meeting in October, instead the whole club is expected to turn out Oct. 1 (Friday) for the Concours work meeting. This will be held in one of the rooms at the Catamaran. Please come to help out ! Also to eliminate the confusion we had last year in selling club members tickets for the Concours breakfast and the dinner, we want the club members to have their meals paid for and the tickets picked up by this Oct. 1st meeting. The prices are as follows:

Dinner with 2 Champagne Cocktails (Oct. 9) \$5.25 per person  
Breakfast (Oct. 10) Adults \$2.00 per person Children under 12 \$1.25

Those of you who are going to stay at the Catamaran overnight will have your meals included in the room price and will receive your tickets when you pick up your key. Please make your checks payable to the Catamaran Hotel. Make out separate checks for dinner and breakfast.
